Title: Need to provide stoppage of all Express trains at Mechada Railway Station, West Bengal.

SHRI LAKSHMAN SETH (TAMLUK): Sir, Tamluk, which is adjacent to Mechada Railway Station, is now the District Headquarters of Purba Medinipur which has been created recently after bifurcation of erstwhile Medinipur. But all the important express trains do not stop at Mechada Station. As a result, the people of the whole district are suffering a lot. Besides, Haldia, which is a leading industrial hub, is adjacent to Mechada Station. Stoppage of all express trains will be of immense help to trade and commerce. Presently all the passengers have to avail express trains either at Howrah or at Kharagpur which is time consuming.

Therefore, I would urge upon you to take step so that all express trains passing through Mechada Station can stop there.
